

The Sustainability Cloud **DIGEST**

Enterprise software platform for ESG and climate action.

Dear Reader,

A year ago, we set out with a simple intention, to make sense of the fast-changing world of sustainability, and share it with those who care about it as deeply as we do.

What began as a quiet experiment is now a growing community of readers worldwide. Your feedback, curiosity, and clicks have shaped every edition. And as we celebrate this first anniversary, we're already working on what's next.

Here's to what we've built together.

[India launches its ESG rating system](#)

NSE Sustainability Ratings, a certified SEBI ESG rating provider, launches data-driven, transparent ESG ratings for 1,000+ listed Indian companies to enhance sustainable investing and corporate accountability in India. [Read more](#)

[Applications open for Accreditation of Carbon Verification Agencies](#)

BEE, under India's Ministry of Power, invites agencies to apply as Accredited Carbon Verification entities for the Carbon Credit Trading Scheme 2023. Applicants must meet outlined criteria and submit forms via email. [Read more](#)

Climate Controversy

The EV dream crash in Trump & Elon fallout

The Big Beautiful bill, tabled by the US Senate, aims to bring the USA's highest tax cut. But, apart from harming Elon Musk, it will cut incentives for green technologies such as solar, wind, batteries, and electric cars and slow down renewables adoption. [Read more](#)
